SWACHHATA AWARENESS

MESSAGE

“Cleanliness is the first law of health”

It is our foremost duty to keep our surroundings neat & clean.

All the students are supposed to continue with good practices for **hygiene and sanitation** in school as well as at home. **Hand washing with soap, use of mask & social distancing** should be our priority.

Let us adhere to 3 R (Reduce, Reuse & Recycle) principles to make our Swachhta Pakhwada mission successful.
